1. INTRODUCTION

iMoody is an application developed to help combat the control that social media tends to have on user's lives. It was designed to specifically target university students who have realized that they have an addiction to social media and want to take positive steps to change how they think about it. Our application uses elements of Cognitive Behavioural Therapy (CBT) by giving users a way to log their use of social media and how it correlates to their overall mood.

We believe that the key to creating healthy habits in our users is by teaching them how they are in control of their actions and empower them to take a step back from behaviours that aren't healthy. This is why our suggestions section of the pop up will suggest a variety of activities and we plan to allow the option of customization in later versions.

2. INSTALLING OUR POP-UP

1. Open your Chrome browser.
2. Navigate to: [Chrome Web Store - Extensions](#).
3. Search for iMoody or follow this link:
<https://chrome.google.com/webstore/search/imooddy>.
4. Click on the "Add to Chrome" button
5. A window will pop up asking "Add "iMoody"?", click on the "Add extension" button.
6. You will now be able to view the iMoody icon in your browser, an example is show below:

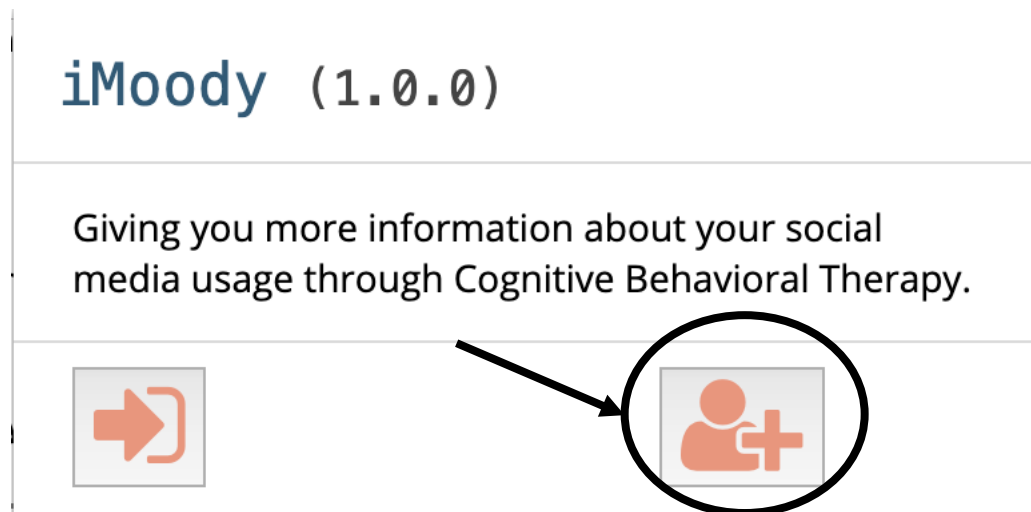

Figure 2: iMoody welcome page

2. Clicking this button will take you to this page:

A screenshot of the iMoody (1.0.0) account creation page. The page has a white background with a light gray border. At the top, the text "iMoody (1.0.0)" is displayed in a blue, sans-serif font. Below this, a light gray box contains the text "Giving you more information about your social media usage" in a black, sans-serif font. Below the box, there are four input fields, each with a label above it: "First name:", "Last name:", "Email Address:", and "Password:". Each input field is a simple white rectangle with a light gray border. At the bottom of the form, there are two blue buttons with white text: "Go back!" and "Submit".

5. You now have an iMoody account!

4. LOGGING IN

1. To log in to the pop-up, click on the icon circled in the image below:

****This is an updated image compared to the alpha user manual****

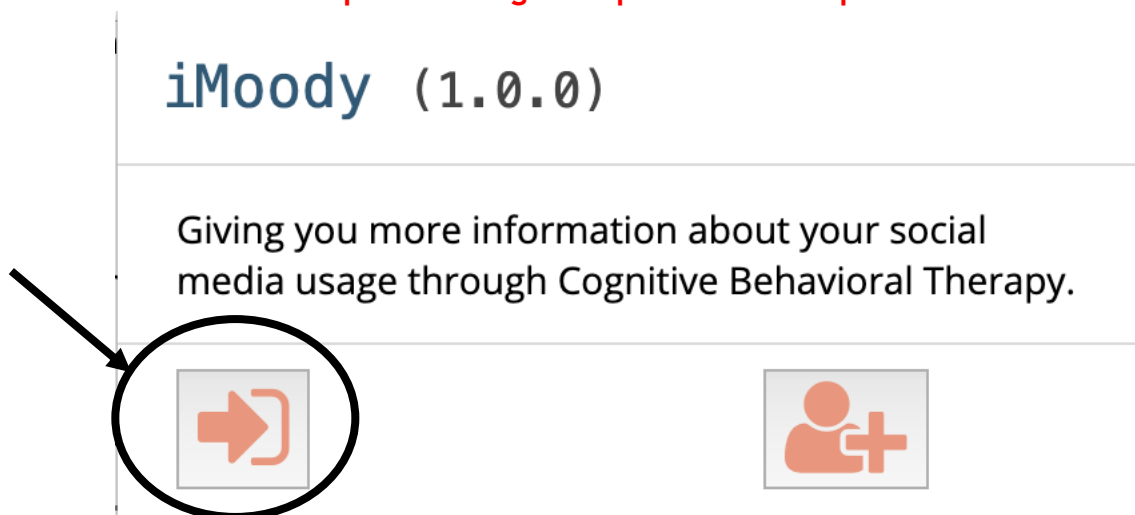

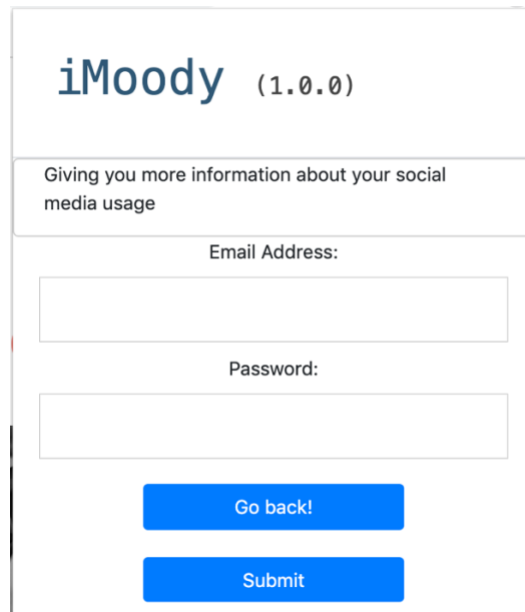

Figure 5: iMoody log in button

2. Fill in the email and password that you used to register and click the “Submit” button.

The image shows a login page for iMoody (1.0.0). At the top, it says "iMoody (1.0.0)". Below that, a message reads "Giving you more information about your social media usage". The login form consists of two input fields: "Email Address:" and "Password:". Below the password field are two blue buttons: "Go back!" and "Submit".

5. LOGGING YOUR MOOD

1. Click on the “Rate your mood!” button. You will see the following screen:

iMoody (1.0.0)

Please click on the emoji that best describes your current mood!

Submit

Figure 7: iMoody mood rating page

2. Select the emoji that best represents your mood and click “Submit”.
3. When you are ready to rate your mood again, repeat step 2.
4. You will then see a graphical representation of your mood over time and be able to re-rate your mood when you are ready.
5. You will also be able to view past mood statistics and your average mood.
